

Maths

Multiplication and Division

Fractions

Fractions

Decimals

PE

In PE we will be keeping our bodies and minds fit with Mrs McCaffrey.

Art/DT

Our art and DT this term will be linked to our topic.

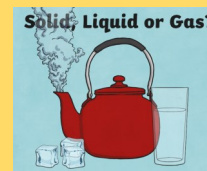

We will continue to develop our observational skills using our sketch books.

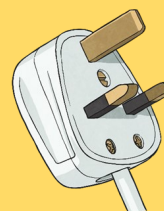

Science

In Science we will be learning about States of Matter and Electricity.

We will be learning the difference between solids, liquids and gases and how these change state as they are heated and cooled.

We will learn how electricity is generated and investigate how complete and incomplete electrical circuits work and what materials are conductors and insulators.

English

This term our focus is on stories and non-chronological reports. We will be reading, writing and sharing stories and making a class story book and using our topic work to inspire our non-chronological reports.

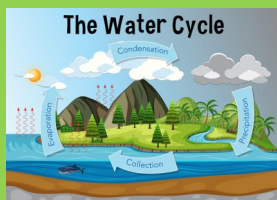

Term 3 & 4

Can we always control change in the world?

Geography

We will be learning about what is under our feet, volcanoes, earthquakes, tsunamis and tornadoes and how these events impact on peoples lives. Our Geography will link to our Science States of Matter, as we investigate the Water Cycle and learn about how clouds and rain are formed, how drinking water is cleaned and the causes and effects of flooding.

RE

Our values for this term are **Offering** and **Integrity**.

In our Salvation unit, we are asking the question 'Why do Christians call the day **Jesus died Good Friday?**

Music

Year 4 will begin guitar lessons this term.

Year 3 will be learning about Rhythm and Pitch.

MFL

We will be learning to name parts of the body and days of the week.

PSHE

We will be looking **Respecting Rights** and the importance of the need for rights, rules and respect. We will also be learning about **One World**, and comparing similarities and differences in peoples lives and opinions.
